DETAILED ACTION

Applicant's election of species of figures 3-13 (claims 21 and 37), filed 5/23/05, has been acknowledged.

Applicant's Pre-Amendment filed 1/20/04 has been acknowledged.

Claims 1-5 has been canceled.

The previous restriction requirement is withdrawn to show a more detailed restriction requirement as requested by Applicant below:

Election/Restrictions

This application contains claims directed to more than one species of the generic invention. These species are deemed to lack unity of invention because they are not so linked as to form a single general inventive concept under PCT Rule 13.1.

The species are as follows:

Species I, figures 3 and 4

Species II, figures 5 and 8a-8d

Species III, figure 6

Species IV, figure 7

Species V, figure 9

Species VI, figure 10

Species VII, figure 12

Species VIII, figure 13

Art Unit: 2826

Applicant is required, in reply to this action, to elect a single species to which the claims shall be restricted if no generic claim is finally held to be allowable. The reply must also identify the claims readable on the elected species, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered non-responsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

The claims are deemed to correspond to the species listed above in the following manner:

Claim 6 correspond to the generic species of a ceramic heater having a ceramic substrate with a conductor inside the ceramic substrate.

Claim 21 correspond to the generic species of a ceramic heater having a ceramic substrate with a conductor on a surface of the ceramic substrate.

The following claim(s) are generic: claim 6 is generic to claims 7-21 and claim 22 is generic to claims 23-37.
